PUBLISHED BY AUTHORITY

No. 31] NEW DELHI, TUESDAY MAY 30, 1950

GOVERNMENT OF INDIA

MINISTRY OF COMMERCE

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 26th May, 1950.

SUBJECT:—*Import of Centrifugal Pumps classified under S. No. 34 of Part II of the I.T.C Schedule.*

No. 13-ITO(P.N.)/50.—In the Ministry of Commerce Public Notice dated the 25th February 1950, governing the issue of import licences for January/June 1950, it was stated against S. No. 34 of Part II of the I.T.C. Schedule, that no licences would be granted for centrifugal types of pumps. On further consideration it has now been decided that import licences may be granted for all types and sizes of centrifugal pumps other than—

“Centrifugal pumps for pumping water with horizontal spindle and with suction bores of 6” and below or delivery bore at 4” and below.”

2. It will be noted that the restriction now imposed does not apply in the case of centrifugal pumps of the dimensions described, if they are meant for special purposes such as for pumping chemicals, oils, other viscous liquids or sewage and not for pumping water.

3. It has further been decided that any licences already issued for the current period, in respect of articles falling under S. No. 34 of Part II shall be deemed to be valid for all types and sizes of centrifugal pumps other than those specifically banned under paragraph 1 above.

R. J. PRINGLE,

Joint Secy. to the Government of India.
